

# MARQUIS Family Dentistry

Creating Healthy Smiles

Dear Patient,

At Marquis Family Dentistry our number one priority has always been the health and safety of our patients. Often in times of uncertainty, there can be a wealth of misinformation spread, especially in today's digital age. As a leading healthcare provider in our community, we wanted to reach out to all of our patients regarding the COVID-19 virus, and to let you know the steps we are taking to alleviate any potential concerns.

According to the latest reports from the Centers for Disease Control and Prevention (CDC) and other national healthcare providers, the current health risks are minimal for most age groups. We recommend all of our patients to wash their hands frequently, avoid close contact with people who are sick, and stay home if you aren't feeling well.

At Marquis Family Dentistry we maintain higher than the recommended standards for infection control for the protection of both our staff and our patients. Each staff member maintains rigorous personal hygiene standards as well as using new gloves and face masks for every patient interaction. We use hospital-grade disinfectants across the entire office, with extensive room cleaning after each patient to ensure a safe and clean environment. After each use, all dental instruments receive the highest level of medical sterilization available. These processes have always been of utmost importance in our office and will continue to be in the future.

Please rest assured that we are following local and national updates daily, and will continue to maintain the highest level of safety and patient care that you have come to expect. If you have any questions regarding your future appointments, please don't hesitate to reach out to us.

Again, thank you for being a valued Marquis Family Dentistry patient. We appreciate your continued trust and confidence. Together we can overcome these challenging circumstances and continue your path to greater health! We look forward to taking care of you at your next scheduled appointment.

Sincerely,

Jorge Marquis, DDS
